FACE TREATMENTS AT GLO

We can always choose one thing that we would like to change about our skin, whether it is acne, pigmentation, redness, sensitivity, dryness, vitality or ageing. Sometimes the list is endless.

Sometimes it doesn't matter what you try, it just seems like nothing corrects the issue or sometimes makes it worse.

LET GLO BE A PART OF YOUR SOLUTION.

We feature only the best professional, active cosmedical and cosmeceutical grade skin care and treatments.

They all work in synergy to correct your concern rather than just mask the symptoms.

We understand the importance of using the latest formulations and delivery technology that are not readily available over the counter.

Our skin clinicians understand that no two skins are the same and we will take the time to understand your concerns and needs, to create a tailor made treatment plan that truly is skin deep.

We ask that you arrive 15 minutes early to your first treatment, to fill out a new client consultation form.

HYDRODERMABRASION COSMEDI PEEL

HYDRODERMABRASION COSMEDI PEEL

Known as the “celebrity facial”. It is the latest and greatest way to remove dead cells from the skin to eliminate dark spots and hyperpigmentation with less pain and irritation than the traditional treatment. This new technology uses water and oxygen to effortlessly exfoliate the skin. We then finish the treatment with an LED Light therapy which stimulates healing collagen and elastin processes. Your skin will be left feeling fresh and rejuvenated.

IPL PHOTO REJUVENATION

When Light is dedicated to beauty

IPL Photo Rejuvenation offers a higher standard of comfort as well as safety.

All Glo clinicians are laser safety certified.

This treatment uses ‘natural filtered light’ to absorb melanin (the dark pigment in hair and skin) and haemoglobin (the red colour in your blood vessels). This light converts to heat which targets the affected cell. This is a non-invasive treatment used for a variety of skin conditions.

Offering a range of pulsed light skin rejuvenation treatments for:

- SUN DAMAGE
- AGEING SPOTS
- BROKEN CAPILLARIES
- REDNESS ACNE
- ROSACEA
- ACNE
- SCARRING
- PIGMENTATION AND FINE LINES.
